Detailed Itinerary

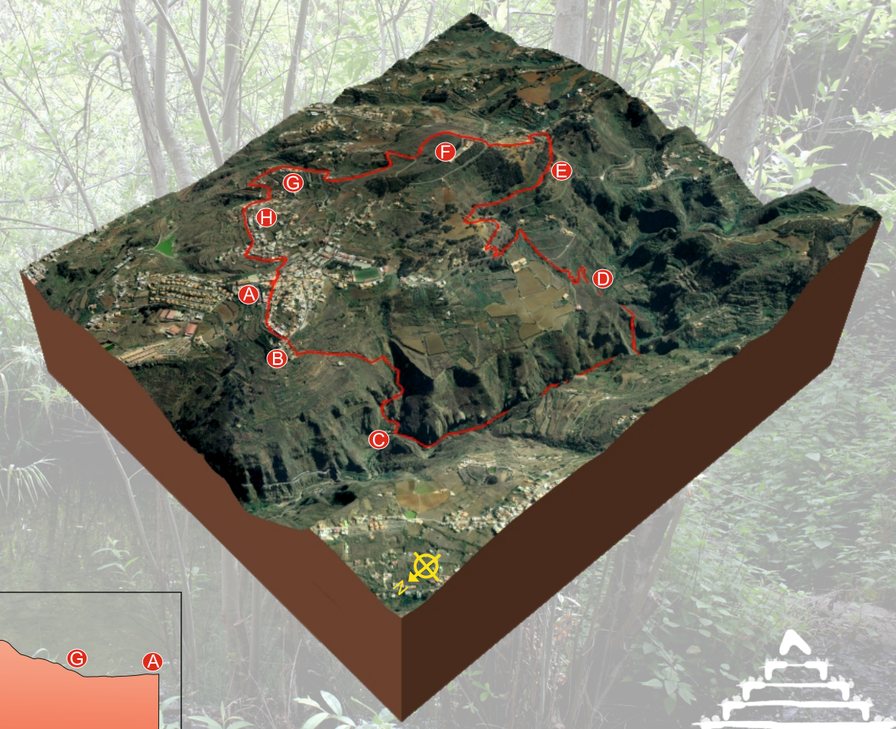

Circular route leaving from the **Plaza de San Roque** westbound on *Avenida de la Constitución*, to **La Capellanía**, from there you go down by a path to reach the emblematic **Balneario de Azuaje** (Hotel of Azuaje).
Once there, you continue upstream along the stream bed, through streams of water areas and high difficulty with steps, put up with ropes.
Continue to a crossing which goes up to the left by a wooden staircase.
At that point you have to ascend a strong slope with exuberant vegetation, a faithful reflection of what was once **La Selva de Doramas** (*Dorama´s jungle*), and you have to arrive to the farm **Casas de Matos** through an ancient tile oven.
Continue up and going down through an old quarry you reach the **Llano de la Majada**. Following the path and leaving behind the **Mareta de Don Chano** you arrive to **Las Huertecillas**.
Once there, you follow the path and cross the **Recreationel Area** to reach **Mountain of Firgas**, where you can enjoy incredible views in all directions. From this point, you begin to move down a path that leads to the mountain road (*GC - 306*), down to the right and a few meters, turn left along a path along a small dam to reach **La Casa de la Roca**.
Finally, you cross the main road (GC-30) go down by **El Acebuche**, up to **Acequia Real** (*Royal Channel)*, turn left onto **Avenida del Risco**, when you can enjoy spectacular views again until you get back to the **Plaza de San Roque**.

Of Interest

Trekking is one of the favourite hobbies of lovers of nature. Our roads, ancient pathways of canaries through which have been written step, many pages our history, are now a perfect excuse to watch the wonder of our natural environment, geology, flora and fauna and ethnographic heritage existing in it. Walking along our paths will help you to understand our land, from its formation and its evolution, and how man has learned to domesticate it.

Recomendtions

Preparing the route:
- Do not walk out in bad weather conditions.
- Suitable to be accompanied.
- Check your route before you start it.
- Avoid carrying unnecessary weight.
- Use appropriate footwear and clothing.
- Bring enough water and light meal.
- Cap or hat and raincoat and warm clothing.

During the route:
- Follow the path and avoid improvise shortcuts.
- Not break on private properties.
- Not collect any kind f element of the environment.
- Avoid leaving garbage and other trash.
- In case of emergency call 112.
